“What's New In Support Group News”

###

Save the Date!!!!

June 8-10, 2012

Acromegaly Community's 2012 Conference

www.AcromegalyCommunity.com

To be held on **June 8-10, 2012** in Las Vegas, NV at the
Red Rock Casino, Resort, and Spa.

This is their second annual convention to support and
educate patients, loved ones, and medical
professionals on the ins and outs of Acromegaly.
They are currently working on developing the 2012 cur-
riculum for Friday, Saturday and Sunday.

Dr. Kelly, has been asked to speak at this conference and
we hope to see many of you there. For more information
and to reserve your seat visit Acromegaly
Community's website or contact:

Wayne Brown,
Office: 716-844-8780

Check out our recently improved website:

www.brian-tumor.org

The BTC website is so much more than your
typical medical center's website; Dr. Kelly has
worked diligently to make sure that this web-
site is for the patients. His priority has always
been to have a website available for patients to
get current and accurate information-so please
take advantage of this excellent source of infor-
mation and education and please pass it along
to those that can benefit from it as well.

Also if you missed the support group meetings
with our wonderful Dr. Patti Johnson and Brian
Theiss, we have the video available to watch on
-line along with many of our past support
group meetings-all great videos and full of
great information from top medical experts.
